Walk Against Cancer

WALKING FOR A CURE — Hundreds for area residents turned out on Saturday to participate in the annual Delaware County Relay for Life in Delhi, which raises funds for the American Cancer Society. Organizers are estimating that the event will have raised more than $70,000 once all donations have been received. Below, National Honor Society students from Roxbury and Margaretville took time out from walking to pose for the News' camera. See story on page 1A. — Photos by Dick Sanford
